

## AAC Plastics Group Grows Stronger with NEW Investment

AAC Plastics Group is enjoying a period of growth having been bought by ONE51 PLC, which is worth in excess of 450 million Euros. The affiliation makes the group even stronger and the investment will help to facilitate ambitious expansion plans. AAC Plastics Group comprises of AAC Technology, AAC Structural Foam, MGBP.

***Mike Turner, Managing Director of AAC Plastics Group explains: " AAC Plastics Group has been going from strength to strength but with this significant investment in the company's future we will be able to reach even greater heights. As a group we are dedicated to operating an environmentally sound business model, One51 leads the way in sustainability and we want to be a part of that mission."***

One51 is an investment company focused on delivering shareholder value by investing in businesses that complement specific strategic objectives, whilst offering a sustainable future.
